

Paper size desk reference

Dimensions and geometric print-fit examples | One page

FORMAT	MILLIMETERS	INCHES (APPROX.)
A3	297 x 420	11.693 x 16.535
A4	210 x 297	8.268 x 11.693
A5	148 x 210	5.827 x 8.268
US Letter	215.9 x 279.4	8.5 x 11
Half Letter	139.7 x 215.9	5.5 x 8.5

SCALE TO FIT: SAME PORTRAIT ORIENTATION

Original > target	No margins	5 mm each edge
A4 > Letter	94.07%	90.71%
Letter > A4	97.27%	92.64%
A5 > Half Letter	94.39%	87.64%
Half Letter > A5	97.27%	92.64%

Scale = smaller of (usable width / source width) and (usable height / source height).
Multiply by 100 for a percentage. Subtract both margins from each target dimension.
Figures round to two decimals. Round down if your dialog takes only whole percentages.
Zero-margin results are theoretical. Check your actual printer margins and a test print.
Scaling changes all content dimensions. These figures do not rearrange a planner layout.
